brought forward 734 19 2

The main body of the ledger page is crossed out by a large diagonal line from the top left to the bottom right. The ledger is organized into columns, with a narrow column on the left and a wider column on the right. Faint, illegible handwriting is visible through the paper, suggesting a previous page or bleed-through.

HEREAS, upon the strictest Enquiry, it appears that the ancient Church and Diocese of *MANN*, within the Jurisdiction of the Metropolitan See of *York*, is probably the only Christian Church in the World, that is absolutely destitute of a printed Copy of the Holy Scriptures in the Vulgar Tongue: And the Inconvenience, to say no worse, of the several Congregations enabled for divine Worship, receiving an off-hand Translation of the *English* Service and Common Prayer, according to the different Sense, Attention and Ability of the Officiating Minister, having appeared to the present worthy Bishop of that Diocese, the Right Reverend Dr *Mark Hildesley* (as well as to his Predecessor) so manifestly great and grievous, that he could no longer forbear publicly representing the melancholy Case and Condition of the People of his Charge, with respect to their State of Spiritual Darknes; near as they are to the Confiners, and far from the Centre of that permanent Light, which shines with full Lustre, not only in the Mother Church, but almost in every House, in the neighbouring Kingdoms; and even to the distant Parts of *India* and *Arabia*: whilst the Established Church of *Mann*, in the Province of *York*, hath as yet been favoured with a Translation of *St Matthew's Gospel* only, and that now out of Print.

That the Contributions bestowed by some worthy, charitable Persons, at the Solicitation of the Bishop, when he was in *England* in the Year 1762, toward supplying his Flock to the Benefit and Comfort of a printed Translation of, at least, some Portions of *The Holy Scriptures*, *The Common Prayer* of the Church of *England*, that universally esteemed small Tract *The Christian Monitor*, and other Religious Books and Tracts in the Language of the Country, have encouraged his Lordship to apply to the SOCIETY for promoting Christian Knowledge for their further Advice and Assistance toward carrying the Work, now begun, into more complete Execution, by such means as to their judicious Consideration shall seem most meet and expedient.

Whereupon the said SOCIETY, being fully persuaded of the Excellence and Necessity of such a Charity, have not only agreed to recommend and encourage the said *Mann's* Impressions, but have likewise undertaken the Management of this good Work, under the Direction of the Right Reverend the Lord Bishop of that Diocese: not doubting but that the same gracious Providence, which has prospered all their other Undertakings for the Glory of God, and the Salvation of Souls, will also raise up Benefactors to enable them to carry on this good Work.

All therefore who are disposed to encourage this Charitable Design, are hereby desired to pay, or remit their several Contributions, to

Rev. Mr Archdeacon YARDLEY, at <i>Highbate, Middlesex</i> ;	} Treasurers to the SOCIETY.

OR TO

THOMAS BROWN, at the Society's House,

A PROPOSAL for PRINTING *The Holy Bible, Common Prayer, and other Religious Books,* In the *MANKS* LANGUAGE.

Hatton Garden, N° 9. May 4, 1764.

••••• HEREAS the Ancient Church and Diocese of MANN, in the
Province of YORK, supposed to contain near *Twenty thousand*
Souls, the far greatest Number of which are entirely ignorant
of the *English* Language, hath for many Ages been destitute of
••••• a Printed Copy of the Holy Scriptures and Service of the Church
in the Vulgar Tongue commonly used in that Island; by which unhappy
Circumstance the several Congregations assembled for Divine Worship, were
necessitated to receive an off-hand Translation of the *English* Bible and Common
Prayer, according to the different Sense, Attention, and Ability of the
Officiating Ministers: To remedy this, the present Bishop of that See, did,
in the Year 1762, collect the Contributions of some worthy charitable Persons,
and was by his Success therein encouraged to apply to the SOCIETY for promoting
Christian Knowledge, for their Advice and Assistance towards carrying this pious
Work into complete Execution.

The said SOCIETY having undertaken the Management hereof, under the
Direction of the Lord Bishop of Sodor and MANN, think proper to acquaint
the World, that the Benefactions already received amount to upwards of
Five hundred Pounds. Upon which Encouragement, they have printed and
disperfed, gratis, in the *Isle of Mann*,— 2000 *Manks* Catechisms,— 1200
Christian Monitors in *Manks*, and — 1000 Copies of the Four Gospels and
the Acts of the Apostles in the same Language.

They propose to go forward in this good Design (as soon as they shall be
enabled by the Benevolence of well-disposed Persons); to which end the
Apostolical Epistles, and the *Common Prayer* of the Church of *England*, are already
put into the Hands of able Clergymen in the said Island, well skilled in the
Language, to be prepared for the Press. After which, the Scriptures of the
Old Testament are proposed to be translated and published in the *Manks* Tongue,
that this Diocese may be put upon a Level with the rest of their Neighbours, in
having the pure Word of GOD, and the Liturgy of the Church, in their own
Language; for the Use both of the Publick Assemblies and of their Private
Families. After which (if the Fund shall answer) it is proposed to publish
other Books and Tracts in the *Manks* Language, as shall be thought most
suitable to promote true Religion and Virtue.

The SOCIETY therefore earnestly implore the Assistance of pious and
charitable Persons in favour of this excellent and extensive Scheme; not doubting
but that the same gracious Providence, which has prospered all their former
undertakings for the Glory of GOD, and the Salvation of Souls, will continue to
Benefactors to enable them to carry on this good Work.

All therefore who are disposed to encourage this charitable
